CSDCI's Apprenticeship Corner

BASIC TRAINING:

Basic training(BT) consists of theoretical and practical/lab instructions portion of every Apprenticeship Programme syllabus relating to a particular trade in which on-the-job-training is to be imparted. The basic training is an essential component of apprenticeship training for those who have not undergone any institutional training/skill training before taking up on-the-job-training. BT is imparted to the fresher apprentices for acquiring a reasonable ability to handle Instruments independently prior to being moved to Work Area for OJT. On the job Training(OJT) is practical training imparted at the workplace premises of an establishment.
