CSDCI's Apprenticeship Corner

The dual-learning mode has been introduced for improving the connect between industry and ITIs. Under the dual-learning mode of training, the theoretical instructions and basics about safety and tools, equipment along with foundation practical will be imparted in ITIs and relevant on the job training for that particular trade will be given in the industry. ITIs are required to enter MOUs with industries/employers where they want to send their trainees for on the job training.
