Ministry of Skills Development unveils new norms for recognizing and regulating Awarding bodies and Assessment Agencies

The Ministry of Skill Development and Entrepreneurship (MSDE), in collaboration with its unified regulator National Council for Vocational Education and Training (NCVET), unveiled the guidelines and operation manuals. The norms have been developed for the recognition and regulation of awarding bodies and assessment agencies, as these two entities are key elements in the skilling ecosystem.

"The measures announced today (on Tuesday) to improve skilling outcomes through NCVET will impart a lot of effectiveness to the process of assessment and certification," Skill Development and Entrepreneurship Minister Dr. Mahendra Nath Pandey, said at a virtual conference to launch the guidelines.

He said that with the government focusing on building skilled manpower, nearly 5 crore youth have been trained during the past five years and the number of industrial training institutes (ITIs) in the country has gone up to around 15,000 with 24 lakh seats.
